

MONTEX[®]

HDPE TARPAULIN

Textile for Agricultural Use

Texel
Industries
Limited

AGRO SHEET

Texel the Pioneers of Agro sheet Manufacturers, engaged in manufacturing & supplying of Plastic sheets for harvesting & processing of Agricultural products.

Construction & Features which makes Montex a better choice :

Montex Agro sheets are manufactured with state of art technology to produce agro sheets which are best suited to withstand the vagaries of nature.

Montex Agro sheets are constructed of a specially reinforced, high density Polyethylene fabric, which accounts for its rugged, Tear Resistant strength. The Reinforcing Yarns are too tough to tear; hence punctures cannot be expanded.

CONSERVE WATER, CONSERVE LIFE

Let's
Conserve
Water

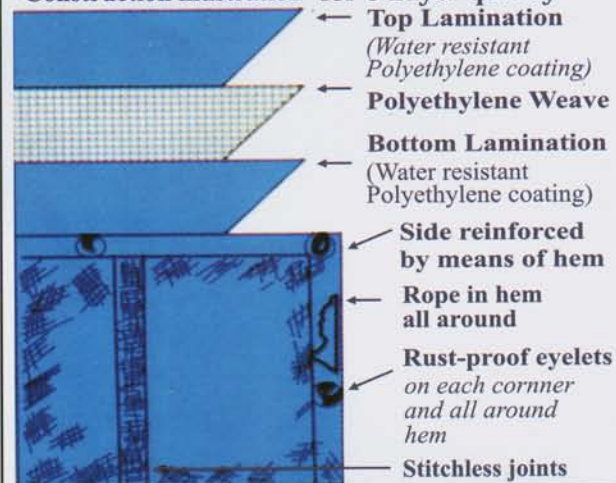

Montex agro sheets are cost effective with the unique qualities like Waterproof, UV Stabilised, Tear & Puncture Resistant, Light Weight hence very flexible & Portable, Fungus Proof, Crack Resistant & Chemical Resistant.

Montex is manufactured in 3 Layer qualities and for more rugged application it is manufactured in 5 Layer qualities. Montex agro sheets extend 100% protection from contamination & moisture to the grains.

USES :

1. Montex HDPE Agro sheets is highly popular with farmers as a multipurpose agro sheet, & is being widely used to protect the expensive farm produce, fruits and vegetables from contamination and damage during harvesting, packing operations & entire crop management.
2. It is widely used for crop drying. In fact it helps for clean & quick drying.
3. It is also used in trashing operations.
4. It is also used as Grain / Harvest covers
5. Fumigation covers.
