## Action taken by Centre to stop duplicate mineral water bottle

Standards for Packaged Mineral Water and Packaged Drinking Water (other than Mineral Water) are prescribed under sub-regulations 2.10.7 and 2.10.8 of Food Safety and Standards (Food Products & Food Additives) Regulations, 2011 respectively and compliance to these standards is mandatory for any packaged drinking water manufacturer in the country. These products are also under mandatory certification of Bureau of Indian Standards (BIS). These requirements are to be followed by all manufacturers of packaged water. However, cases of sale of packaged water by unlicensed units and not meeting the prescribed standards have come to the notice of FSSAI. Therefore, FSSAI has been regularly taking up the matter with the Food Safety Commissioners of States/UTs and urging them to undertake regular and effective enforcement action in the matter. Regular surveillance, monitoring, inspection and random sampling of food products, including packaged water are being undertaken by the officials of Food Safety Departments of the respective States/UTs to check that they comply with the standards laid down

under Food Safety and Standards Act, 2006, and the rules and regulations made thereunder. In cases where the food samples are found to be non-complying, recourse is taken to penal provisions under Chapter IX of the Food Safety and Standards Act, 2006. Bureau of Indian Standards (BIS) from time to time receives complaints regarding quality of BIS Standard marked Packaged Natural Mineral water and Packaged Drinking Water

as per IS 13428 and IS 14543 respectively. Similarly complaints are also received regarding misuse of Standard Mark on Packaged Drinking Water/Packaged Natural Mineral water by manufacturers without having valid BIS Licence.
